

**k-imp lab™**  
BIOLOGICAL ULTRA MOBILE LABORATORY

## EQUIPMENTS OF THE K-LMP LAB™

K-Plan offers:

- Analysis of your needs
- Personalized estimate according to your needs
- Training to use the **kimp lab™**
- Transfer of your technics to the **kimp lab™**

# FIELDS OF APPLICATIONS

## Risk response

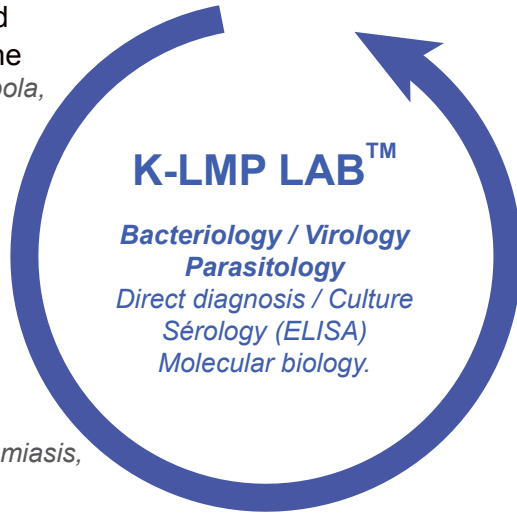

Natural disasters, conflicts...

## Human health

Remical, preventive and epidemiological medicine  
*Malaria, Dengue fever, Ebola, Cholera, Meningitis, Tuberculosis, Influenza, HIV...*

## Veterinary medicine

*Leishmaniasis, Trypanosomiasis, Avian influenza...*

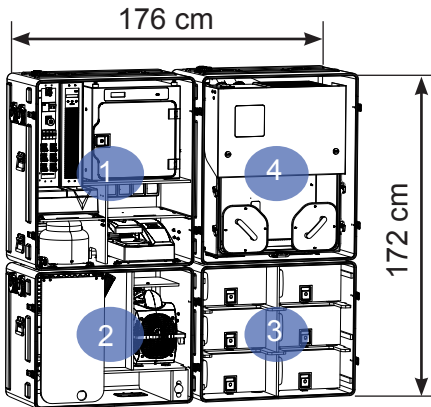

## Environmental supervision

*Toxicology, Entomology...*

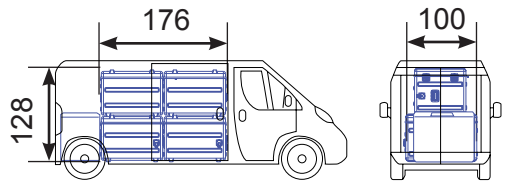

## Food-processing safety

*Salmonellosis, Listeriosis...*

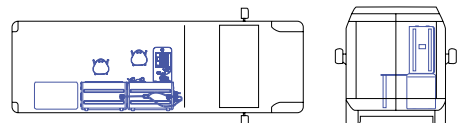

# DIMENSIONS

Flight cases 1 and 4: L 88 x P 64 x H 100 cm  
Flight cases 2 and 3: L 88 x P 64 x H 72 cm

Transportable within a 5m<sup>3</sup> van  
(dimensions in cm)

Deployable in a van

MODULAR  
SYSTEM  
ADAPTABLE TO  
YOUR NEEDS

BIOLOGY OF QUALITY  
IN ALL FIELDS  
NEAR THE PATIENT

## CHARACTERISTICS

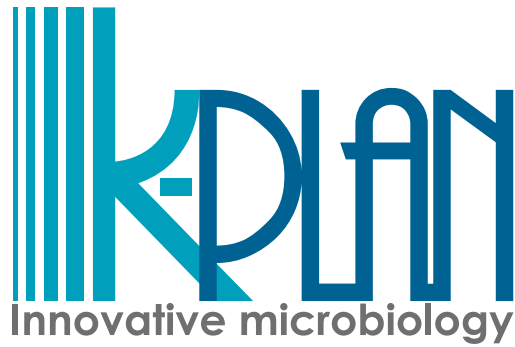

Mobile laboratory (*portable*)  
Compatible with all transport  
Van embedded configuration

Operational within  
30 minutes  
Deployable by  
two people

110 / 230 V  
UPS  
Generator
